

The JIFU Pay Plan

Version Q2 2022 - July, 2022

We designed our Pay Plan to richly reward you for sharing our exclusive-value products and services with customers. Your commissions depend on helping customers purchase products and services on our shopping and travel platforms. You can increase your earnings by building a business organization of motivated entrepreneurs, mentoring them, and then helping them find customers to shop and save with JIFU.

If you are willing to be persistent, show discipline, and demonstrate a willingness to work hard, you can turn these activities into significant residual income for years to come.

The most successful JIFU entrepreneurs take the time to do three things:

1. Learn as much about marketing and sales as possible,
2. Develop critical business-building skills, and
3. Duplicate this process with their team.

Executive Summary

The JIFU Pay Plan

The JIFU Pay Plan (Pay Plan) rewards those entrepreneurs who have the time, experience, and desire to utilize JIFU as a means to sell products and services on our platforms and receive the commissions and bonuses detailed below.

The information contained in this document explains the Pay Plan and is not a guarantee or representation of the income you will earn. You should not attempt to persuade or recruit members to your organization with false promises. The examples in this document are for illustration purposes only.

Income Disclaimer

The Pay Plan does not guarantee an income with JIFU. Success depends upon customer acquisition, personal drive, level of commitment, willingness to learn, and follow proven systems as you build your business.

JIFU Offers Exclusive Value

JIFU represents the new generation of affiliate marketing where value rules. JIFU and our Members will not sell a product or service to our customers unless reasonably priced and loaded with value.

JIFU's exclusive-value proposition allows Members and their customers to save money, earn rewards, and access exclusive access to many products and services.

JIFU's marketing engine is powered by entrepreneurs we call Member Affiliates. Why "Member Affiliates" instead of just "Affiliates"? The answer is simple, we are members and customers first and marketers second.

At JIFU, we also provide our Members with savings and business opportunities. Whether you want discounts or believe that you can make an income from the Pay Plan, you should understand the many benefits of JIFU detailed in this document.

Useful Pay Plan Terms

Active: Members and Member Affiliates that have purchased a First Order Pack and whose Monthly Membership fee is current or have the requisite Travel Reward Points from retail sales to cover their Membership fee.

Free Trial Limited Membership: Retail customers who receive a Free Trial from a JIFU Member or Member Affiliate receive a 30 day limited membership to JIFU's travel platform (JIFUtravel).

Free Trial Terms: JIFU Members have 30 days to share Free Trials after Free Trials are made available in their account before the ability to share that Free Trial expires. Individuals receiving a Free Trial from a JIFU Member (and who consequently activate the Free Trial) have 30 days to use the Free Trial Limited Membership before it expires.

Commission Qualified: To be Commission Qualified, each Member Affiliate must be Active and have a minimum commission period volume of 450 CV on both their left and right legs.

Commissionable Volume (CV): The total commissionable value associated with a product or service purchased from JIFU. Team Building Commissions pay a percentage of the CV and not the fiat or currency price of the product or service sold.

Commission Period: JIFU's compensation plan runs off a Bi-Monthly Period. Meaning, member affiliates accumulate volume over the course of the first and second halves of each month. (The 1st - 15th and 16th - Last Day of the Month). After the period is over, the commissions for that period are locked in and subsequently paid out at the end of the following period. (Commission earned from the 1st-15th are paid out on the last day of the month, Commission earned from 16th-EoM are paid out on the 15th of the following month) Returns and chargebacks are attributed to the period in which they occur.

Downline: Individuals in the Pay Plan that a Member or Member Affiliate enrolls or that another Member or Member Affiliate has enrolled in the two Genealogy Trees.

Compression: A process that bypasses inactive individuals when calculating level-based commissions. For example, with Matching Commissions, if an affiliate is to receive matching commissions four levels deep but the affiliates' first 5 levels are made of inactive members that have since left the company, without compression the affiliate would earn zero dollars. With compression, the commission engine will bypass those first 5 levels of inactive individuals and pay the affiliate on their first 4 levels of active individuals.

First Order Packs: Individuals start with JIFU by purchasing a Member First Order Pack and may pay for or earn an upgraded pack. The products and services in each First Order Pack differ and may

contain a Priority Pass vacation voucher, premium education modules, first month of unlimited access to the JIFU Travel Portal (JIFUtravel), Free Trials, JIFU Web Office access, personal e-commerce websites, JIFU Business Builder App, and the foundational elements for a JIFU business.

Genealogy Trees: JIFU has two different Genealogy Trees to help determine ranks, bonuses, and commissions:

- **Team Tree:** A binary structure with a Pay Leg (leg with lesser CV) and a Power Leg (leg with higher CV).
- **Enrollment Tree:** A uni-level matrix structure with personally enrolled Member and Member Affiliates and the enrollees of your personally enrolled Member and Member Affiliates.

Member: An individual who purchases a Member Pack for full access to the JIFU Travel Portal. Members appear in the referring upline's Enrollment and Team Trees. They have no access to the compensation plan.

Member Affiliate: An individual who has purchased an affiliate pack (Silver, Gold, or Diamond). These members have access to the Pay Plan. They are eligible to receive all commission types in the Pay Plan. A qualified Member Affiliate must be in good standing and have an Active account in the system by paying for or earning an associated Monthly Membership.

Member Price: The wholesale or discounted price on products and services available to Members in the JIFU Travel Portal.

Monthly Membership Fee: Fee paid to maintain full access to JIFUtravel, vacation vouchers, Free Trials, Shop Passes, Web Office access, personal e-commerce websites, and Business Builder App.

JIFU bills each Member on the monthly anniversary date of enrollment unless an annual membership is purchased upon which the member will be charged on their annual anniversary date. For purposes of clarity, if an individual enrolls on the 15th of a month, the monthly billing will begin on the 15th of each month after that. If an individual enrolls on the 29th, 30th, or 31st of a month, they are billed on that date or the last day of the month if that day does not exist in that month.

See "Waiver of Monthly Fees" below for information on remaining Active without paying Monthly Membership Fees.

Negative Volume: CV that is associated with product and service returns or refunds. Negative CV corresponds to returned or refunded products and services that subtract from the total CV on the Team Tree leg where the return occurred.

Vacation Voucher: A complimentary vacation at exclusive properties in 55+ locations around the world. The number of Locations available depends upon which First Order Pack is purchased.

Rank: The classification used to calculate a member affiliates' commissions and bonuses. Ranks are achieved by accumulating enough volume in the affiliates' team tree and through enrolling new members & affiliates.

Pay Leg Volume: The Member's total period Commissionable Volume (CV) in the smaller of the two team (binary) legs.

Pay Plan Cap: JIFU dedicates itself to an industry-leading payout of its Commissionable Volume (CV) of up to 65% through bonuses, commissions, and rewards. JIFU will pay up to 55% of CV in bonuses and commissions and up to 10% of CV in rewards and incentives. If Commissions to be paid exceed 55% in bonuses and commissions of CV or 10% in rewards and incentives, JIFU reserves the right to cap commissions and bonuses to ensure company viability to continue operations.

Reactivation Fee: If a Member does not remain current on his or her Monthly Fee or meet the CV requirements in retail sales, a \$100 Reactivation Fee may be charged. The Member who reactivates his or her position will not be eligible for any commissions or bonuses missed during the inactivity period. JIFU will hold a Member position with its accompanying Travel Reward Points (TRPs) for an inactive Member for up to three months before removing them from the system.

Retail Customer: Free Trial users that Members invite to the JIFU platforms. Retail Customers are not Members of JIFU and pay no membership fees.

Rollover Volume: Unused/Unpaid Volume from a previous commission period will roll over to the following period with no cap. Rollover volume is forfeited if the affiliate goes inactive or cancels their membership.

Travel Reward Points (TRPs): JIFU issues points to Members for personal travel, travel by referred Free Trial users, First Order Pack Purchase, and payment of Monthly Membership Fees. Members may redeem TRPs for travel and purchases on JIFUtravel.

Unclaimed Commission: JIFU Members must claim commission and bonuses within 90 days from the date of issuance. After which time, the bonus or commission may be removed from the Members' payment account. If JIFU must reissue an unclaimed commission to an active JIFU member, JIFU will deduct \$30.00 from the total balance. JIFU Members that go inactive within 90 days of receiving a commission still have the 90 day window to claim their commissions.

Upgrades: Member packs can be upgraded by paying the difference in price or earned after purchasing a First Order Member Pack. Upgraded First Order Packs allow Member Affiliates to

achieve a higher percentage of Team Building Commission, more levels of Matching Commissions, and additional Free Trial Passes.

Upline: The Member or Member Affiliate who sold a First Order Pack to a new Member and the people above the new Member in the Genealogy Trees.

Retail Sales and Bonuses

Free Trial Travel Sales Bonus

When a Free Trial user travels, the referring Member receives Travel Reward Points (TRPs). TRPs may be converted into commissions by following the requirements and steps below:

TRPs are eligible for conversion to commissions if the TRPs are earned on the JIFU Travel Portal (JIFUtravel) when an individual referred to JIFU by a Member uses a Free Trial to purchase products or services on JIFUtravel.

TRPs are also eligible for conversion to commission through personal travel or purchases on JIFUtravel.

TRPs must accumulate to a \$100 cash value (10,000 TRP) before they are eligible for conversion into commissions.

*Member Pack members are not able to monetize their TRP's.

Only TRPs earned through purchases made by a Free Trial user or by a Member's personal purchases on JIFUtravel are eligible for conversion to commissions.

TRPs converted to commissions will be paid within thirty (30) days when the Member's request is made through the JIFU Travel Portal (JIFUtravel). Points are paid out via the Member's payment account 30 days after points are requested.

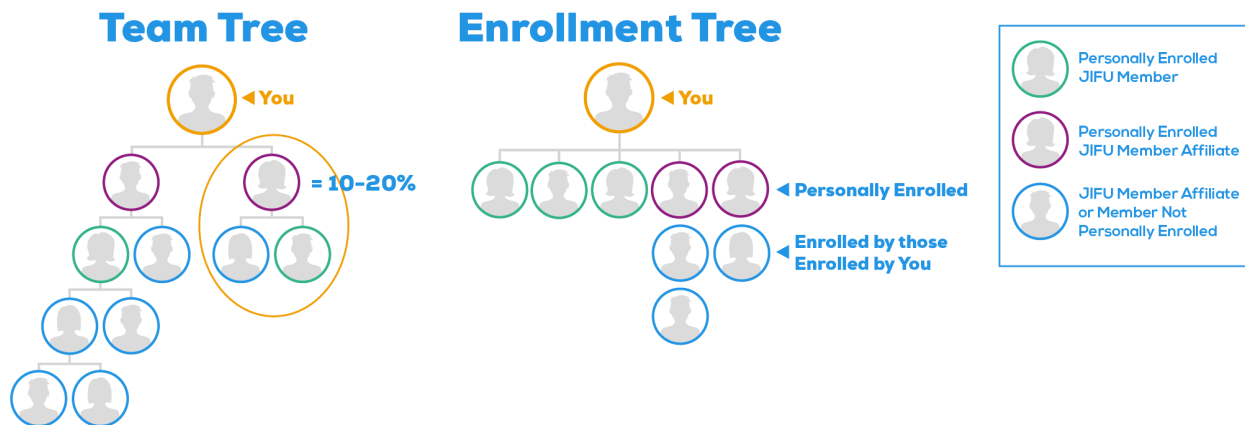

Genealogy Trees

When Members join JIFU, they will be placed in the genealogy of both the Team Tree and the Enrollment tree of their Upline and the company.

The Team Tree is a binary comprising two lines of multiple uplines strategically placing Members to optimize their Team Building Commissions.

The Enrollment Tree is a uni-level with personally enrolled Members placed on the first level, enrollees of personally enrolled Members on the second level, etc. The Enrollment Tree is primarily responsible for the First Order Bonus, Matching Commissions, and to help determine requisite personal enrollment of Members for Paid as Rank.

Tree Placement

When an Upline Member sells an individual a First Order Pack, the new downline Member is automatically placed in the referring Upline Member's Team Tree according to the default Team Tree Placement settings predetermined by the Upline Member in their JIFU Web Office.

The Upline Member will have seven (7) days to place the new downline Member in a position in their Team Binary Tree. Once placed, the new downline member can no longer be moved by the Upline Member.

Bonuses and Commissions

First Order Bonus

The First Order Bonus (FOB) is a one-time bonus. The bonus amount depends upon the membership pack sold. There are NO rank requirements to earn this commission type. Members are not required to be Commission Qualified to earn a FOB; they are only required to be Active. (Remember that Member Pack JIFU members are not affiliates and do not have access to the JIFU compensation plan.)

First Order Pack CV for Rank Qualification - All CV from First Order Packs counts toward the Rank Qualification Volume of the Member who sold the First Order Pack and also for his or her upline.

FOB Amounts – Paid to all Active Affiliates for the sale of products and services sold on the first level of the enrollment tree.

- Member First Order Pack FOB = \$10
- Influencer First Order Pack FOB = \$10
- Silver First Order Pack FOB = \$18
- Gold First Order Pack FOB = \$45
- Diamond First Order Pack FOB = \$180
- Black Diamond First Order Pack FOB = \$450

Points to Binary Tree - Bonuses paid out on First Order packs reduce the amount of CV added to the referring affiliates' binary commissionable volume.

Example: Jane becomes a Gold Member Affiliate. Bob enrolled Jane. The Gold First Order Pack has 225 CV. Bob is paid a \$45 FOB. Because of this 45 CV is deducted from the 225. This results in 180 CV being added to Bob's binary commissionable volume.

Action Bonus (Recurring Membership Commission)

In addition to the First Order Bonus received when enrolling a person, receive an additional bonus every month that person renews their membership. There are no Rank or CV requirements required to obtain this Bonus.

Basic: \$5

Influencer: \$5

Silver: \$5

Gold: \$10*

Diamond: \$20*

Black Diamond: \$40*

* To obtain an Action Bonus greater than \$5, the Enroller must be a Silver, Gold, Diamond, or Black Diamond Affiliate. Influencer members earn a bonus of \$5 on every membership regardless of the membership type purchased by the person they referred.
