THE MPG
TEAM

5 WAYS TO EARN

1. Retail Customer Bonus
2. Fast Start Bonus
3. Team Commissions
4. Executive Check Match
5. Diamond Pool 1%

All bonuses and commissions are paid solely on the purchase of MPG products. No compensation is paid for recruiting an ISR.

GETTING STARTED

- ☐ Purchase your Annual Membership to activate your MPG business center. (Non-commissionable)
- ☐ Explore the MPG products and purchase the bundles or products you want.
- ☐ Download the **MPG+App** on iPhone and Android. Then use the tools and training inside to start sharing the MPG products and opportunity.

HOW TO START EARNING TODAY

Earn **Retail and Fast Start Bonuses** when people you personally introduce purchase MPG products as customers or from qualifying product bundles when enrolling as new ISRs.

GET AT LEAST 50 QV

One of the Team Commission eligibility requirements is having at least 50 QV each month. MPG product purchases generate QV, or "Qualifying Volume."

2 ways to get 50 QV each month:

- Your personal product purchases
- Purchases made by your personal customers

1

RETAIL CUSTOMER BONUSES

Paid each time your personal Retail and Preferred Customers place orders (and re-orders) through your website.

You also have the option to sell products from your own inventory and keep the profits.

These bonuses are paid weekly on Friday.

2

FAST START BONUSES

Paid when people you personally introduce purchase qualifying products when enrolling as an Independent Sales Rep (ISR).

Fast Start Bonuses can range from \$1 to \$100 or more, depending on the qualifying products purchased during enrollment.

These bonuses are paid weekly on Friday.

There is no cap on how many Retail Customer Bonuses or Fast Start Bonuses you can earn!

3

TEAM COMMISSIONS

Build 2 Teams to Become Team Commission Qualified and Reach Bronze Rank!

1. Personally have at least 50 QV each calendar month
2. Have at least 1 personally sponsored ISR on your left team, who has at least 50 QV each calendar month
3. Have at least 1 personally sponsored ISR on your right team, who has at least 50 QV each calendar month

Meeting all 3 requirements advances you to the Bronze Rank.

MPG customer and ISR product orders also generate CV or "Commissionable Volume", which can trigger "Cycles."

For simplicity, **THIS EXAMPLE** assumes you are Gold Rank and that each ISR or Customer has generated 100 CV from product orders.

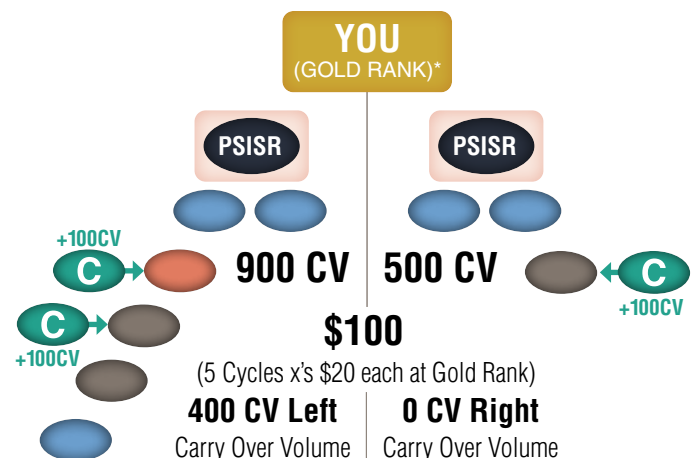

EXAMPLE LEGEND:

- PSISR** Personally Sponsored ISR = Your Level 1
- C** Customer = Customer product orders generate CV and QV, but customers do not appear in the Binary Tree
- Sponsored by your PSISR = Your Level 2
- Sponsored by your Level 2 = Your Level 3
- Binary Overflow (Spillover)
- ISR who is Bronze Rank

PAID WEEKLY

When you are Team Commission qualified and your team generates 100 CV Left / 100 CV Right, you earn a Cycle.

Each Cycle pays \$10 at Bronze Rank, \$15 at Silver Rank, or \$20 at Gold Rank and above.*

Important: Having at least 50 QV each calendar month prevents your unused strong-leg CV from flushing, or resetting to zero. Your strong-leg QV will also continue accumulating for rank advancement.

NOTE: Team Commissions at Bronze Rank are capped at \$400 per commission week. Additional caps by Rank are shown on pages 2 and 3. The weekly amount shown for each Rank is the maximum Team Commission payable at that Rank per commission week.

The figures in this Compensation Plan are terms of the compensation formula. Rank caps state the maximum Team Commission payable at each Rank per commission week; they are not projections of earnings. Examples use assumed volume to illustrate how the plan calculates and are not drawn from actual results. All amounts are in U.S. dollars.
